

How do I give to Young Life?

Whichever giving method is chosen, it is **extremely helpful when the donor includes the Young Life area number on the donation** so that our income processing department can ensure the gift is posted to the correct area.

Ways to Give:

1) Mail a check to the area office.

Income processing prefers checks sent directly to the area office so that the area can include the proper giving form (forms 2201, 2202 or 2203), which helps facilitate more efficient processing. All checks are mailed from the area office to Young Life, P.O. Box 70065, Prescott, AZ 86304, or if you need to send checks via priority mail services, send to CDS-Attn: Young Life, 2286 Crosswind Drive, Suite A, Prescott, AZ 86301.

2) Online: giving.younglife.org

Donors can set up recurring gifts and manage them online or give a one-time gift as they feel led. Areas can create custom giving links where their area information is pre-populated to ensure gifts go to the proper area account. Here is some helpful information about [creating online giving links](#), or you can contact the [Help Desk](#) to get a custom giving link for your area.

3) Call Income Processing at 877-438-9572 and donors can give either a one-time gift or setup a recurring gift on their credit card or through electronic funds transfer from their bank.

4) Gifts of stock.

A stock gift requires careful coordination between the donor, the donor's stockbroker, Young Life's stockbroker and the stock accountant at the Service Center. Here is information [about the stock gift process](#). Please contact the stock accountant at 719-381-1979 or via email at stockgifts@sc.younglife.org to obtain information on how to facilitate this transaction for your donors.

5) Gifts of real estate and planned giving.

For assistance with other types of giving to Young Life, such as planned giving or gifts of real estate, please contact Mission Assistance at 877-38-9572 and they can direct you to the correct department.
